

12th National Symposium on Inflammatory Bowel Diseases

3rd Franco - Romanian Meeting

24th - 26th September 2020

Online Symposium

PROGRAM

**Dear colleagues,
Dear friends,**

We are delighted to be welcoming you for the 12th National Congress of IBD and the 3rd Franco-Romanian Course.

Due to the special times we are living, our annual meeting is for the first time, a virtual event and technology has helped us remain as close and connected as before.

We are honored for the participation of a really fantastic international faculty and our French friends are with us once again, keeping the good tradition we have developed over time.

We hope that you will actively participate at the meeting and that you will enjoy the sessions, courses and educational meetings.

We are looking forward to meeting you in the “traditional way” next year.

We wish for you and your close relatives and friends good health and success to the participants,

**Prof Daniela Dobru,
President of the Romanian Crohn and Colitis Club**

**Prof Cristina Cijevschi
Past President of the Romanian Crohn and Colitis Club**

**Prof Mircea Diculescu
President of the organizing committee**
